

WORKING WITH YOU TO COMBAT COVID-19

Times have changed, and while there are no present cures or vaccines to prevent us from getting COVID-19, there are preventative measures we can all take to minimize our risk.

Remember, we are in this together, and our families rely on each one of us to do our part to prevent the spread of COVID-19.

At present we are asking our customers to do business remotely if possible as most of our business can be completed over the phone, through our website, by email and/or fax, or through the postal service.

- Contact info@searsportwater.org for transfer of water service, billing and payment information, or any other questions and we'll redirect your call to the appropriate staff member as available.
- Our telephone number is (207) 548-2910

If you must visit our office:

- Use the front office drop box for payments and paperwork
- Wear a face covering
- Observe social distancing (one person in the office lobby at a time)
- Be prepared to wait outside if we must contact staff to respond to your need.
